ALCEN '67

Education goes beyond what is learned in the classroom. Much of it is a very personal kind of learning - what each of us learns about himself as an individual. This year's Alcen is an attempt to depict this school year and the meaning it has held for each of us.

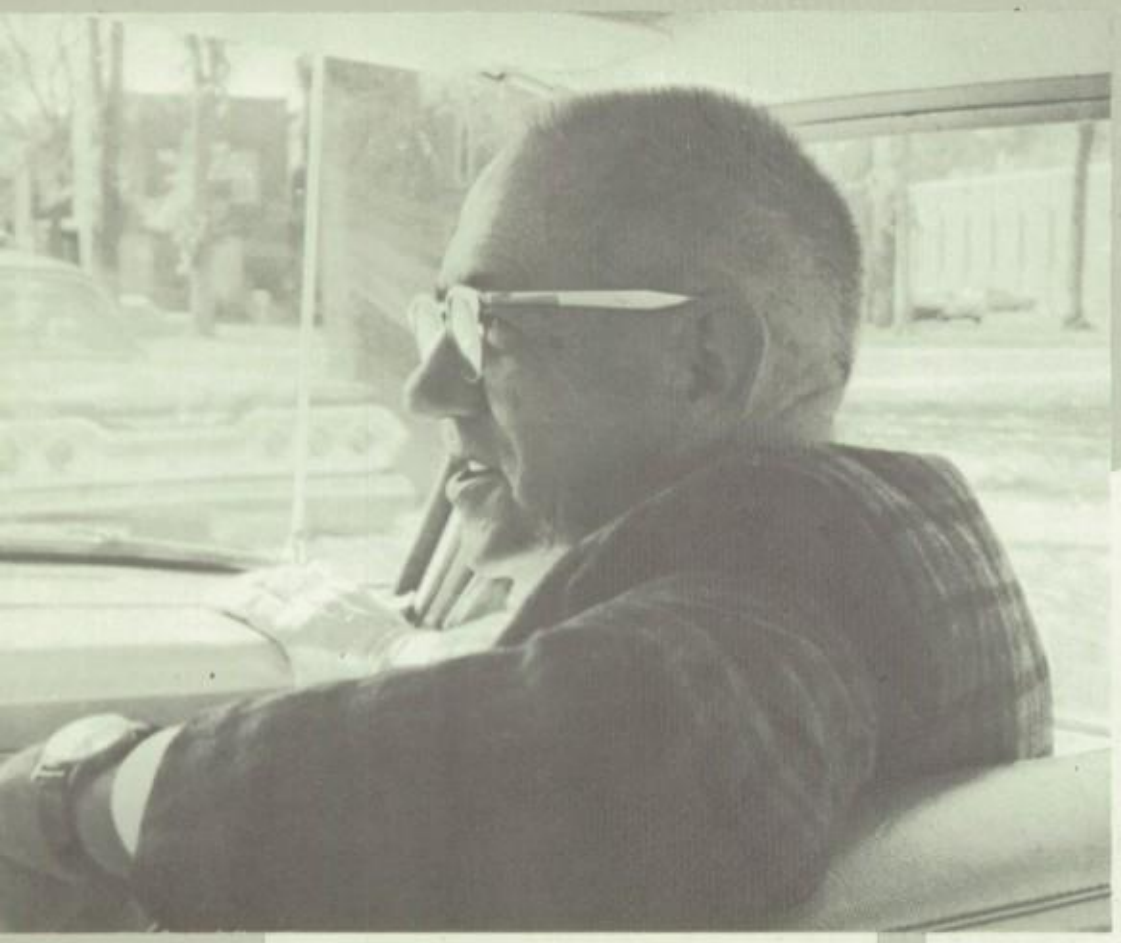
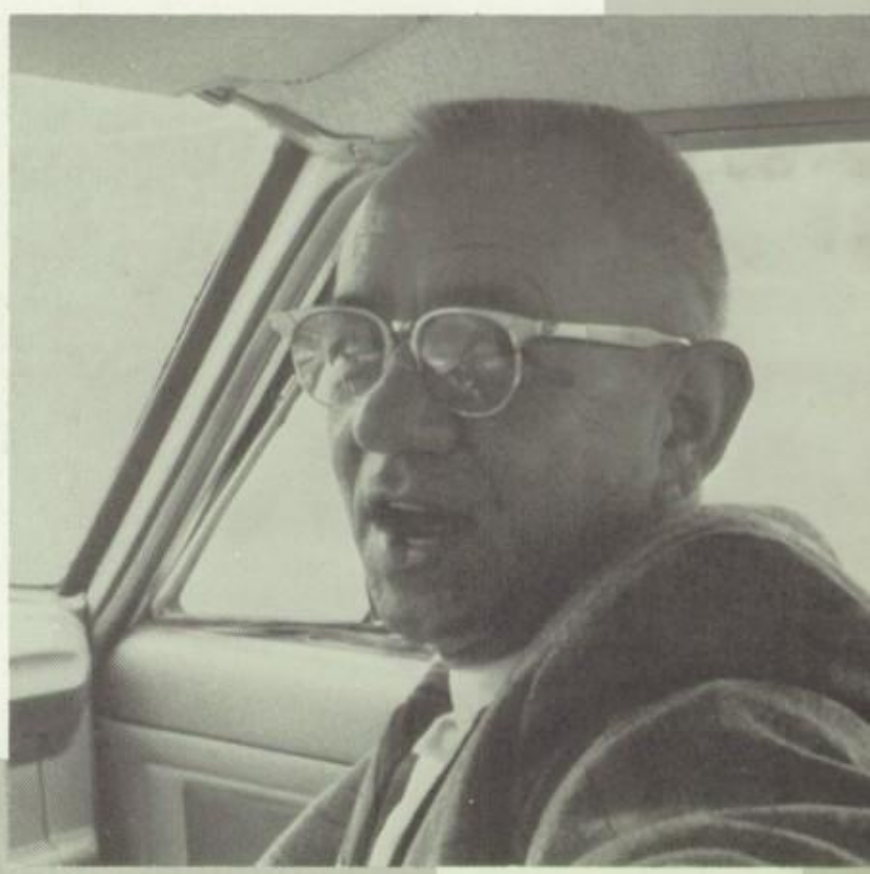
WE DEDICATE

His personal experiences, his consideration for others, his honesty, his sense of humor-all of these he has shared with us.

He has taught us so much more than technical skills and technical rules-he is so much more than an ordinary driving instructor.

For your optimistic outlook on life, thank-you Mr. Brace.





ALCEN STAFF

The staff finds it hard to believe that this year's Alcen is finally finished. There were times when we thought it would never come off. None of us will ever forget those last few weeks before our dead line. Late nights, tears, and loud discussions as to who had the hardest jobs all went into the creation of this yearbook. The book, we hope, is a good one; we all did our best to make it so.

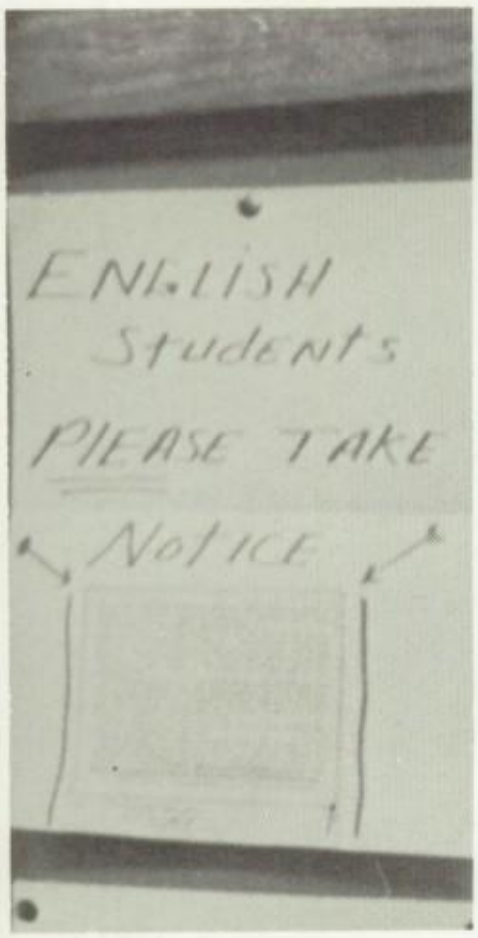
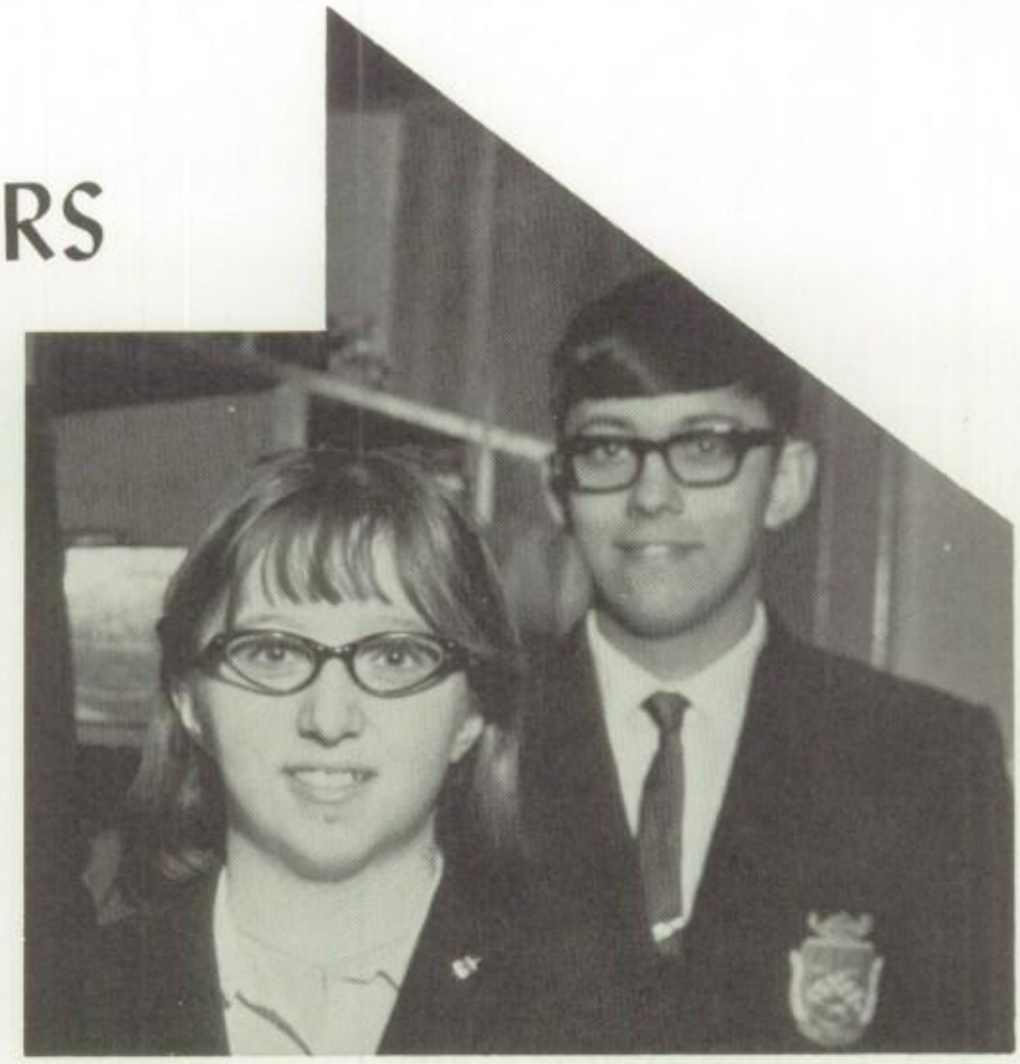
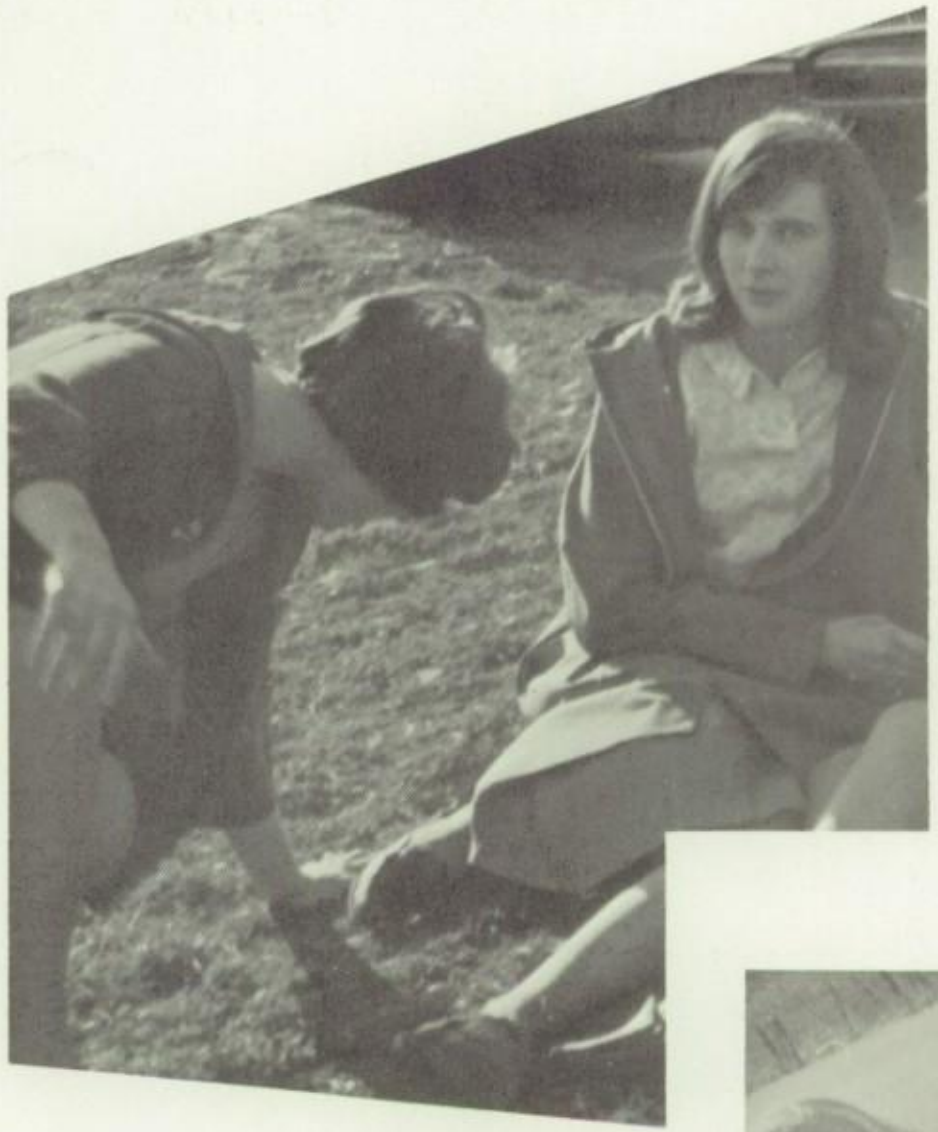
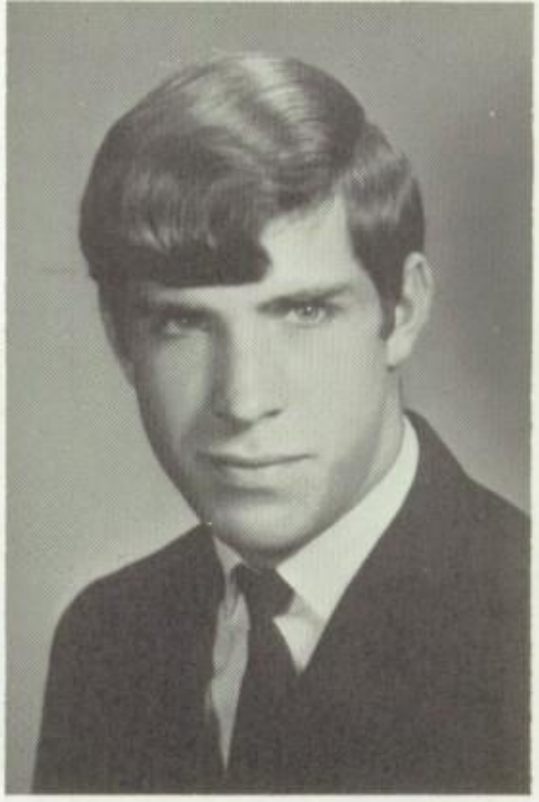
SENIORS









JOHN BARRON

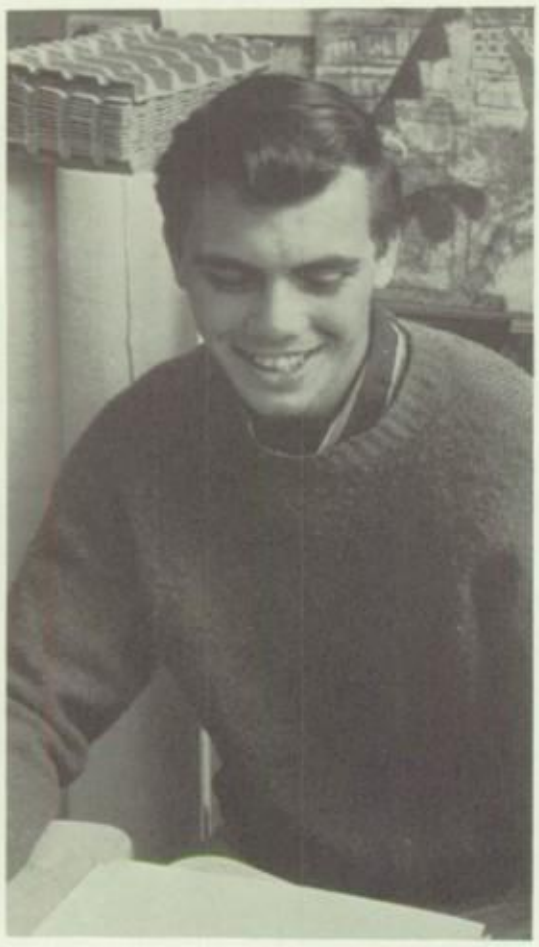
Usually seen with an adoring female tucked under his arm, John has startling blue eyes and an engaging grin. He's been a terrific help to both the cross-country team and the wrestling squad and is a member of the Athletic Council.

DANA EARL BECKHORN

Dana's the conscientious type even when cracking bones at wrestling matches. His sense of humor has been illustrated during those wild lunch periods of his, where he has been known to concoct some truly delectable (?) dishes, a la Beckhorn style.

MARGARET LYNN BENSON

Peggy isn't quite as calm out of school as she is in it. She loves dancing, and cheerleading, and has suddenly developed a strong interest in the guitar. She's taking lessons, and has doubts if she'll ever learn, but, with a teacher like Daryl, she shouldn't have to worry.



STEVEN LEE BRACKEN

"Bone-head" is widely respected, both for his great physical strength and his ability to make startling perceptive wisecracks. He's a tough opponent on the basketball and cross-country teams, and spends much time trapping furs in the wooded hills.

CRAIG RICHARD BRAACK

Craig had a few harrowing experiences as a counselor at Camp S.T.A.R. last summer, but returned as cheerful as ever. He's still faithfully blowing his trombone for Senior Band and we feel sorry for anyone sitting in front of him.

LEWIS CLARK BUTLER

Only at Alfred-Almond is the word "Bug" synonymous with good-natured. In other words, Lew is a guy with a great personality. His sense of fairness and over all good humor makes him a popular member of the class whether he's settling minor scraps or just being his usual funny self.

RICHARD JOHN CAPPADONIA

Ricky is our personality kid and and there is considerable doubt that anyone could stay mad at him for long, no matter how much he teases. He has owned more cars than we can count and is a real terror on the soccer field.

MILDRED ANN CARNES

Milly braved the horrors of initiation into the Future Homemakers and is now serving as president of that organization. Known for her cheerful personality, a cure for any early morning grouch is a bus ride to school with Milly.

This page compliments of Wellsville Sub Shop, Glidden Galleries, and State University College of Ceramics at Alfred University.

GARY EUGENE CARPENTER

Gary's blushing face and insane laugh have livened up several classes. Although a compulsive giggler and rabble rouser, Gary has a serious side too; he can talk for hours on the economic future of Almond and other equally sober topics.

LOUISE ANN CLARE

Louise is even-tempered, easy going and she proves it wherever she goes. A member of the Honor Society and the Future Homemakers, she is often in the Drama Club productions and gave one performance as the back end of a cow!!

CATHERINE CLARKE

Cathy's gentle sensitive personality and open mind make her a beautiful person to know. She has devoted many hours of her time to the Future Teachers as an officer of that club, and other service clubs, such as Horizon Club and Youth Fellowship.

DARYL KENT CORNELIUS

Daryl constantly generates a warm friendliness for everyone. He has played guitar at everything from school dances to talent shows to the senior play (with a few English classes in between).

Dave - it's funny how people get to know one another, isn't it? Just think, if I hadn't met you I might never have signed this. Big loss, huh? I wish you all the best of luck and hope that you will be happy.

Love,

Shelly

SHELLY ANN CURRAN

Shelly's kooky laugh is *almost* but not quite unbelievable. A born leader, she's a class officer, fire warden, Drama Club officer and an Alcen assistant. She's done all sorts of crazy things (like adding color to local park benches) but somewhere in between all this she manages to find time to be serious enough to write poetry.

DAVID HAROLD DAVIES

Last year Dave tearfully said goodbye to his pet kangaroo in Sydney and moved to Alfred. He turned out to be quite an interesting guy to know! (Feminine intuition proven right again). A well-liked member of our class, he's now Vice-President, and is a member of the Honor Society.

Lynnette,
Bill's here!

WILLIAM MICHAEL DOBSON JR.

Billy has been active in sports, particularly wrestling, cross-country and track. In addition he is our student council president. We'll always remember him for being the only person to get in last year's class pictures three times and we sincerely hope you see only one of him here.

GERALD DRAKE

Jerry walks around with a glint in his eye and knows how to have a good time. A "professional" Christmas tree pruner last summer, he is the typical freckle-faced tease and spends a lot of his time riding around in his car.

GUY IRVING DRAKE

A member of both the soccer and track teams, Guy is a great kid to have around. A friendly character, we would be sadly lacking without him. Always willing to join in the fun, he will be remembered fondly as one of the *guys*.

LARRY FRANCIS DRUMM

Larry would stand a good chance of getting our vote for the nicest tough guy we know. He spends a lot of time working in his father's garage and his talent and knowledge of mechanics have earned for him the respect of other A.A. grease monkeys.

JUANITA EDDY

Recognized by her quiet friendly smile, Juanita possesses a truly gentle and unobtrusive personality. She has devoted much of her time to helping others as a member of the Red Cross and the Future Teachers; and has always been a top seller in the magazine sale.

CAROLYN RUTH FLINT

Carolyn has a marvelous way of making an impression, not by anything she does but just by being there. Her willingness to help, dependability, and unruffled calm make her choice to be a teacher well-founded, and every student will want to be a "teacher's pet".

The Thinker (?).

ROLAND GEORGE GARDNER

Rolo's got the nicest smile and the cutest blush of any guy we know. When he's not working on cars, he's usually seen riding in them, particularly that classy little red Ford of his, complete with plushy interior and lots of willing passengers.

RANDY LEE HARWOOD

A member of both the soccer and basketball teams, Randy has a deep laugh and an absolutely gorgeous grin. He spends a lot of time riding his *brother's* motorcycle, but Randy says at least the helmet belongs to him.

BRENDA NADINE GOODWIN

Brenda is probably best known for her ability as a goalie on the girls soccer team, and seldom does a ball slip past her. She has been active in Future Scientists, Future Nurses, Senior High Chorus, and in girls' sports.

GAIL ANN HORTON

Gail went to Panama last year and returned a surfer girl. She enjoys acting and has been in many Drama Club productions and the Senior Play. She can talk for hours and is a great person to go to when you've got a problem. Besides being sympathetic she's also pretty, something a lot of boys seem to have noticed.

DEBORAH JOLENE HITCHCOCK

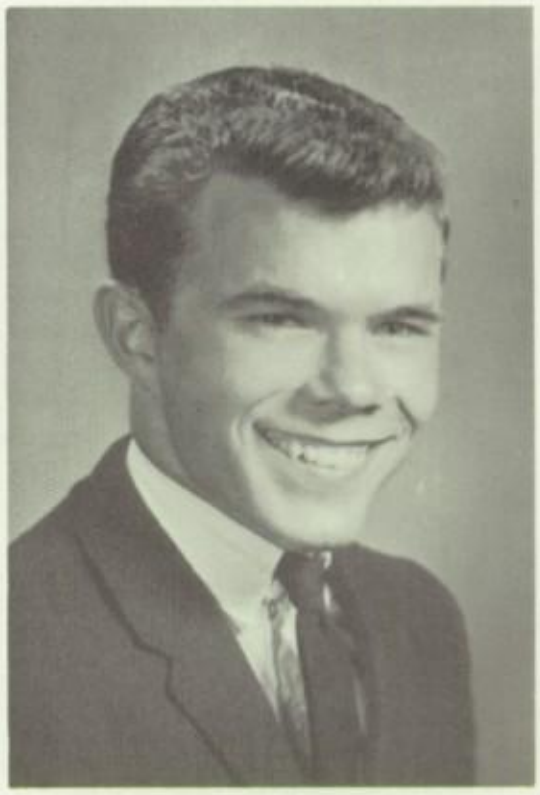
Class president for the last two years, Debi's approach to life is truely individual; from the way she spells her name to the essays she writes. "The Hidden Me" about her secret life as a Martian!. Crazy but lovable, who else ever raised amoebas?

JOHN HURNE

John is a plague to homeroom teachers, and with him around, boredom is practically nonexistant. When he's not tormenting homeroom teachers, he uses some of his energy on the wrestling mat and is an invaluable member of the squad.

SAMUEL JOHN KLINGENSMITH

Sam has all kinds of intellectual interests. He has a zealous love of history and can name every king of England from William the Conqueror down to the present day. His ability to doze in French and still get 99's baffles all of us.

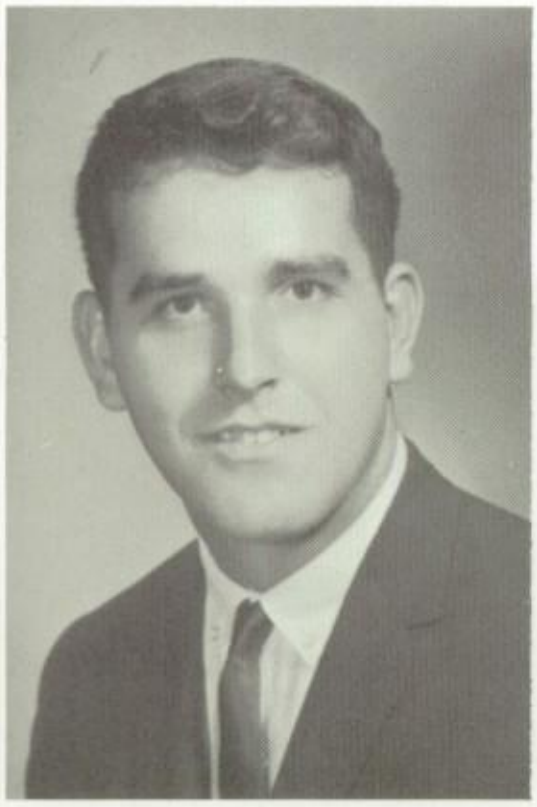


GARY WAYNE KELLOGG

Gary is an athlete in the true sense of the word. He has broken several track and cross-country records and is continuing to do so. (And we might add a few girls hearts too.)

ALICE KNUDSEN

A jolly disposition and the giggles might best describe Alice. An enthusiastic member of the girls bowling team, she is also a long time member of the Future Homemakers and has served on *thousands* of committees.



JOHN JOSEPH KNUDSON

John's slow and deliberate manner characterize his attitude toward life. Specializing in agriculture and as a long time member of the Future Farmers, John has proven himself capable in his vocational choice. His massive frame contradicts his gentle nature.

JILL LAWRENCE

At first glance, Jill looks serious enough but it doesn't take long to realize that she can cause riots at will. Her gym class recognizes this fact, where she is the undisputed terror of the showerroom, possibly to Mrs. Coleman's regret, but to everyone else's undisguised joy.

ABIGAIL JOAN LINDEMAN

Known for her kindness and love of animals, Abby's buoyant spirits and infectious laughter make her a wonderful friend to have and great fun to be with. An admirer of Bobby Dylan, she beat the fad with her long hair.

RICHARD E. LEWIS

Dick is an out-of stater and a natural athlete who joined our class this year. Behind his stolid face lie interests ranging from boxing to motorcycles and his determined manner leads one to believe that his success is inherent.

ALAN LEON LOBDELL

Alan has his own opinions on matters of importance, and isn't afraid to let anyone know about them. A hard worker, he has traded pine sap (from pruning trees last summer) for stage paint in working on the senior play. We're glad he got it off his hands in time for basketball season.

CHARLOTTE ADA MARTIN

Charlotte was barely recognizable last fall, when she returned to school with longer hair and fewer pounds than ever. Easily excited, she talks as regularly as other people breathe, is an enthusiastic person and above all a hard worker.

LINDA KAY McGRAW

Linda has the distinction of being the school's only female Projectionist. Her extracurricular activities are largely athletic, but she also plays in the Senior Band. She is an active member of the 4-H, where she has exhibited her skills as a seamstress and as a cook at the State Fair and at other demonstrations.

DEBORAH ARLENE MORGENFELD

Debbi jokes about the fact that she picked the college she's going to because it has a football team! Besides football, she has many other interests and a long list of accomplishments that leave everyone but Debbi slightly breathless.

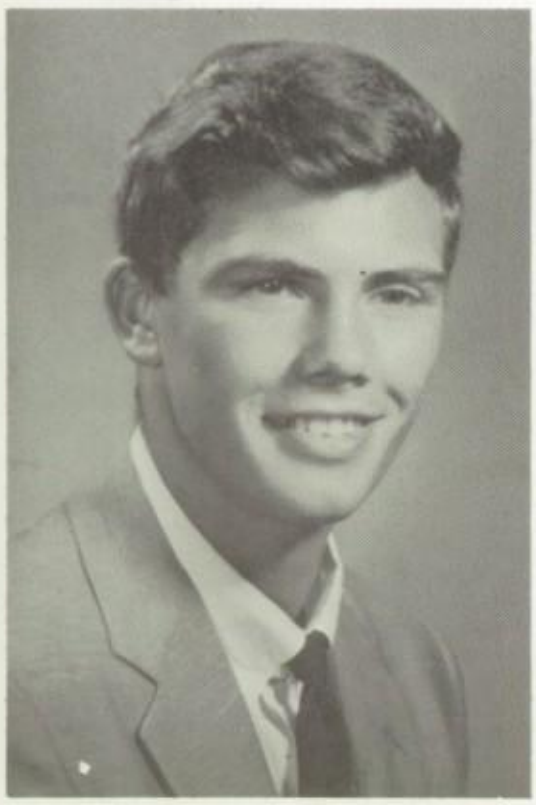
This page compliments of Southern Tier Concrete Products Co., Alfred Mutual Loan Office, and Box of Books.

KEVIN FRANCIS MURPHY

Kevin is a terror with a BB gun and seems to have a talent for missing buses. He enjoys English class, and was Mr. Preble in the Senior Play. (Not exactly type casting, we can't imagine Kevin ever wanting to murder anyone.)

ARTHUR JACK NEVILLE

A.J. likes pool, cars, and girls. (We're not sure in what order!) Inside sources reveal that he spends a lot of his time at Palmer's, but he's also seen with his other two favorite subjects. (cars and girls)



MARY KATHERINE NEVILLE

Mary's enthusiasm for and support of various FHA projects (like trapping people in the hall and jamming candy down their throats) is equalled only by her interest in FTA. Her range of moods is as wide as it is surprising; but most teachers would grade her as likable plus.

CAROLYN NEWMAN

Carolyn's shorts suffered when she was initiated into FHA this year. She appears cool and calm, but this is not always the case. This is especially so in homemaking, where she often burst into song (?) at the slightest provocation.

DONALD OLDS

Donald is well known to a small circle of senior boys, but to the rest of us he will always remain something of a mystery. Active in Future Farmers, he is one of those persons living in that infamous little metropolis of Thatcherville.

ROBERT PAUL ORMSBY

Bob has been a solid member of FFA for many years, helping immensely with their banquet and seed selling projects. An active participant in class (when he's awake!) Bob usually feels free to express any opinion that might come to his mind.

THOMAS ELWIN NISBET

Tom commutes" fifteen miles to school from Arkport, works as a projectionist, and manages to keep ten girls happy at once. This only goes to show that we've got to be doing *something* right and what ever it is, we hope we keep it up because we wouldn't want to lose him.

PHILLIP C. ORMSBY

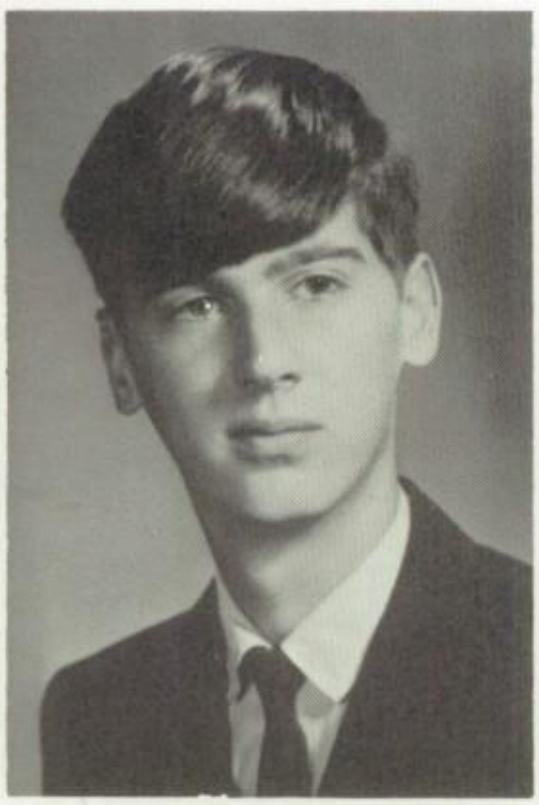
Phil is just naturally good-natured and cheerful. He can frequently be seen during hunting season with a dog by his side and a gun slung over his shoulder. He is a member of Future Farmers and serves as President in his senior year.

TERRY LYLE PALMITER

A sharp dresser, Terry wears paisley print shirts to school and bright yellow shirts to church. He is seen either on the tennis court or in the swimming pool, depending on the season. Now graduated to a car, he used to peel around Alfred Station on that fast bike of his!

JOHN MARK PATTON

John's history average is amazing, and it probably always will continue to astound the rest of us. A serious and dedicated worker, he has devoted much time and effort to his job as Business Editor of the Alcen.



BRIAN HOWARD PERRY

We remember when Brian used to wear that red hair of his in a brush cut. His reputation as a wolf extends no farther than the stage of "Thurber's Carnival" (we think). A member of the Honor Society and the Library Club, he is willing to take on all comers in an argument, even Betsy!

SHARILYN MARIE PERRY

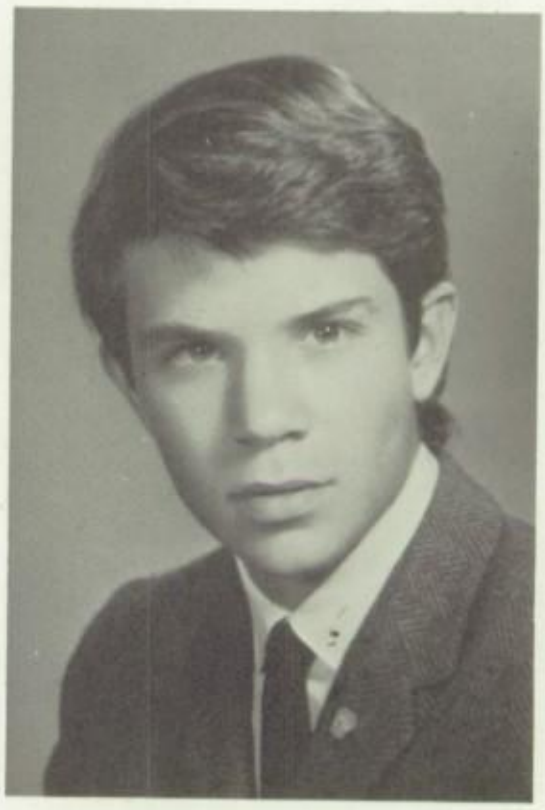
A welcome addition to our class from Hornell, Sherry spends most of her time fighting with Brian for the phone. She attends a cosmotology class at Hornell High, and her hair color varies from day to day as a result!

LYDIA MARIE POULIN

Quiet waters are deep...dark flowing hair above thoughts that perceive the meanings in music, words, and human relations. Lydia can reach out to other people from strength and understanding. She is our literary editor and a National Honor Society member.

LYNNETTE ROSSMAN

If Lynnette says her hair's brown and not red, then it's brown! Impulsive, there is no one more completely female in her thinking than Lynnette. Her moods vary from one moment to the next, but her friendship and loyality to those closest to her remains constant.



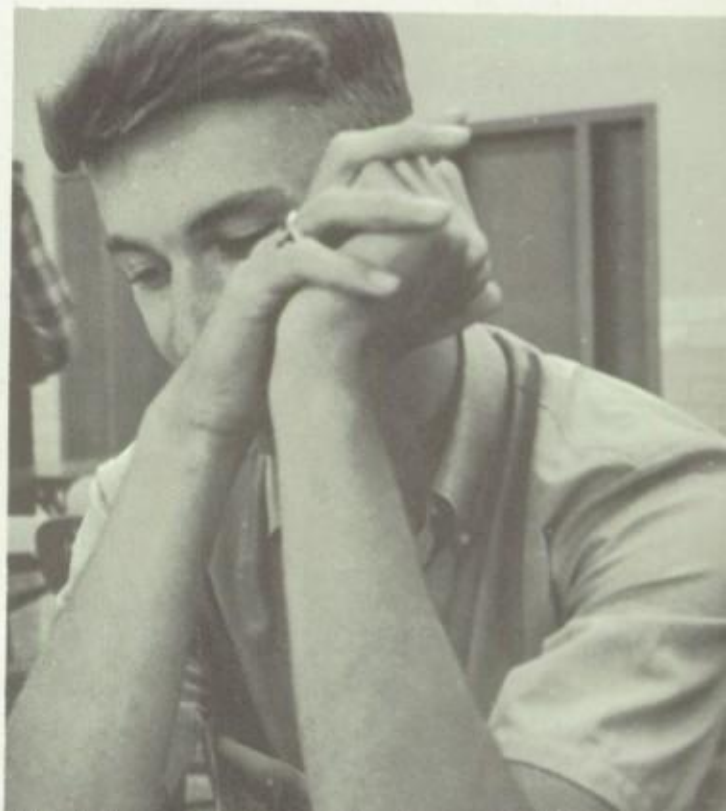
AARON ANTHONY RHODES

Aaron's somber good looks betray the fact that he is an individual. He is a nonconformist, more so in his ideas than in any outward appearance he might give. His sense of humor is unique, and if occasionally tinged with sarcasm, he has the rare ability to laugh not only at others but also at himself.

GREGORY ROUNDS

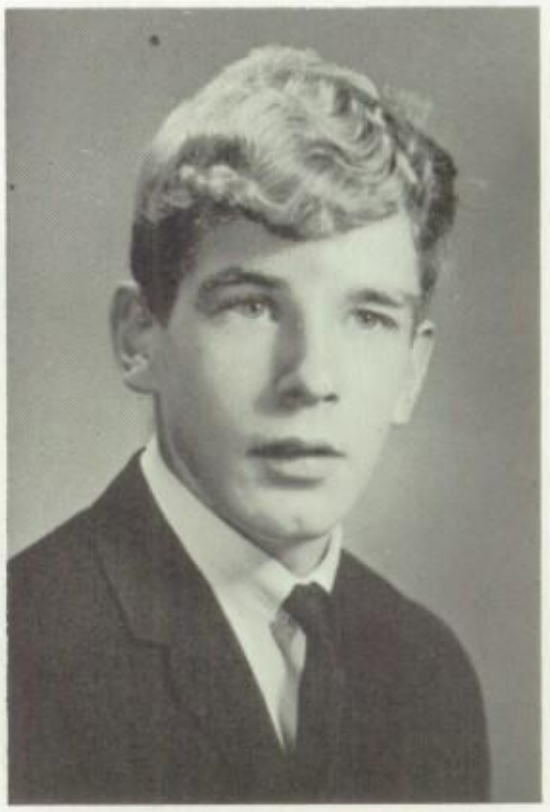
Greg's enterprising nature has lead him to convert his front yard into a parking lot during football season. His love of mischief is matched only by his seriously inquisitive spirit, and it is this last quality which prevents him from driving certain teachers to distraction.

And then I'll....



ELIZABETH ELLEN RULON

Betsy's first and foremost winning quality is the fact that she was Editor-in-chief and because of her there is an Alcen. Aside from that, she is a member of the Honor Society, Library Club, International Club, Drama Club and drives Mr. Gerace crazy in Physics with her own particular way of doing things.

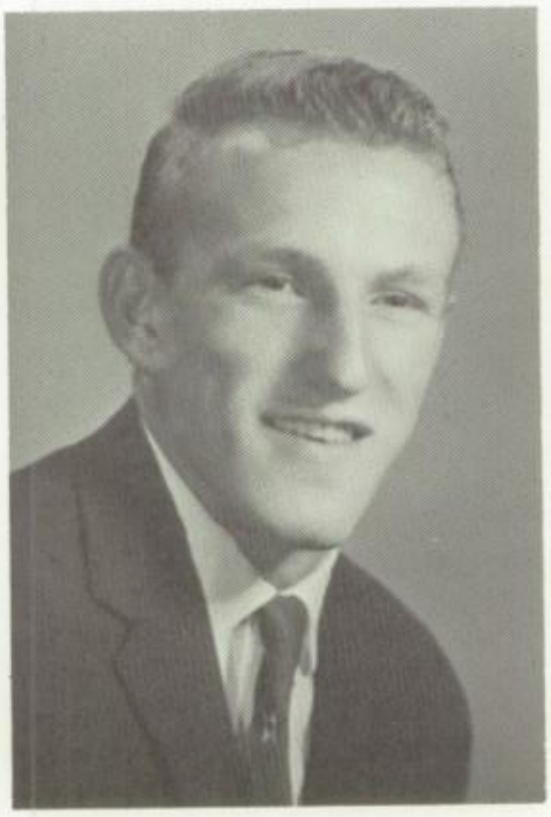


GEORGE MARK SEAMAN

Mark seems to have a joke for every occasion and it is invariably accompanied by that weird laugh of his. Although he never appears to be at all serious, various sources assure us that he can be, especially if it concerns mechanics.

PAUL JOHN SHANLEY

Paul reads some weird books and is writing one of his own. He spends some of his spare time helping the grade school as a member of the Future Teachers, but is still serious about completing his "Great American Novel"!



LEON SHERMAN

Leon is a baseball player of long standing with the Alfred-Almond team. You can't miss him in the halls, when, hair flying he wrenches open his poor unsuspecting locker in his usual mad, but good natured rush to class.

This page compliments of Russ Davis Ford, Alfred Ceramic Enterprises Inc. and Suburban Motors Inc., Volkswagen.

HELEN ESTHER SMITH

Helen enjoyed working in Rochester this summer (The advantages of city life are unbelievable.) In school she is an active member of FTA and has earned awards for working more hours than any other member in the history of the organization.

ROXANNE SMITH

Roxanne is on the Red Cross Council and is an active participant in girls' sports. Her personality enable her to get along easily with all kinds of people and she is a well-liked member of our class.

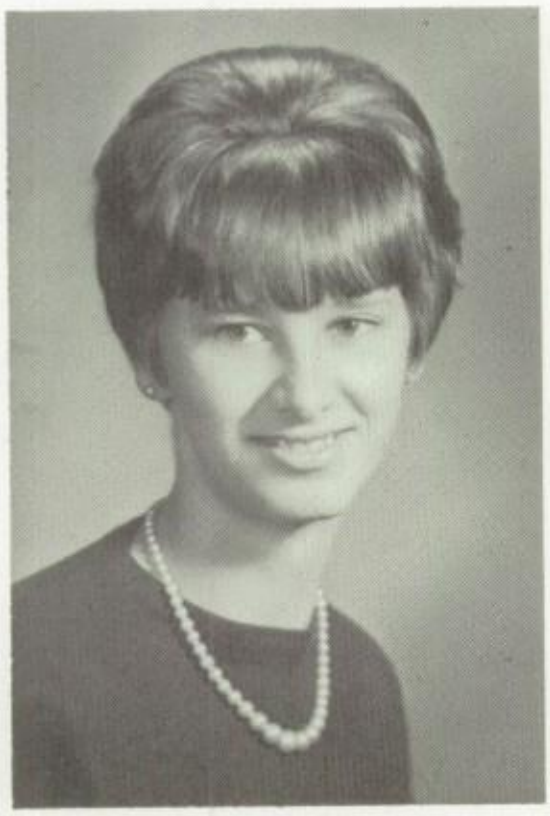
SUSAN SMITH

Blond hair dangling, Suzie is constantly changing, moving--seldom still. She doesn't need to be; her personality carries along anyone who happens to be near her. She really *cares* about people and what happens to them. They in turn care about her.

This page compliments of Alfred Agway, Benjamins Zenith Dealers, and Robert G. Eisenhardt M.D.

SUSAN ELAINE SNYDER

Well, Susan used to shop at the IGA, and one day an errant knight emerged from behind a Kool-Aid display, swept her off her feet and rode off into the sunset with her. Lately her activities have been mainly collegiate, although she has maintained an active membership in FHA and Library Club.



CHERYL LEE STUDLEY

Chery is one of the busier of the busy seniors. Despite the fact that she participates in most of the extracurricular athletic activities and acts as FHA historian, she still finds time to moan about boys and marks (in that order).

LOIS TINKLEPAUGH

Loey has a hard time introducing herself to strangers (Tinkler-whaat.. You're kidding!) As Art Editor of the Alcen, Loey's taste is somewhat unique. It asserts itself in everything she does, from this book to the bellbottoms she wears.

ROBERT TORREY

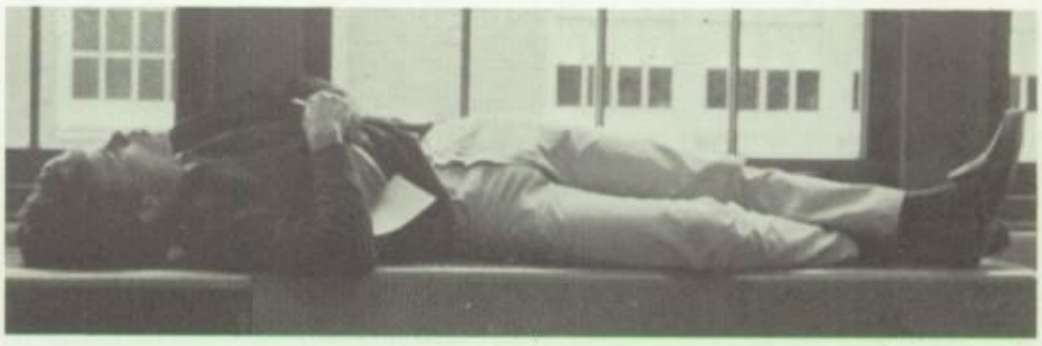
Robie's nickname "Beanie" is not completely forgotten, but he's grown taller since those days. He divides his time equally among his car, the races, trapping, hunting, fishing, basketball, pool, and *history*. (We couldn't leave out his family connections!)

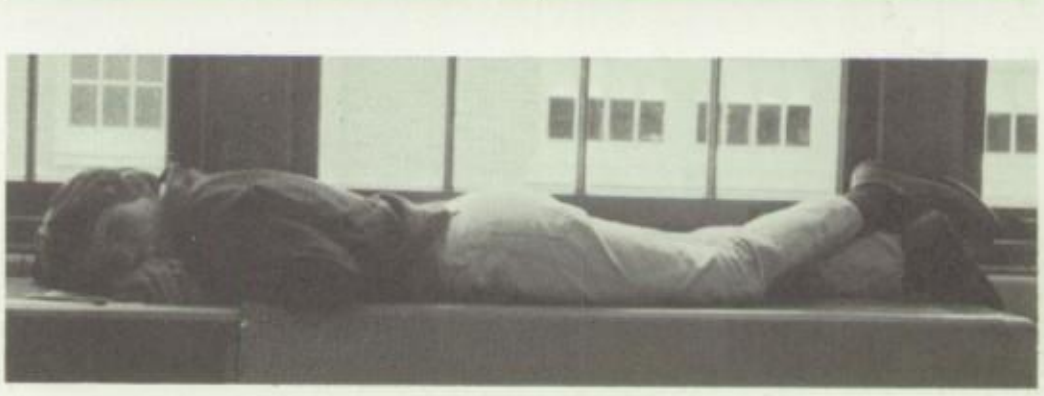
SANDRA MARIE WINTERS

Our go-go girl, Sandie can really dance up a storm, and very often does it at the Patriot in Hornell. Her strong point is athletics and she enjoys cheering at basketball games, also swimming in her back-yard pool.

DARON JAMES WHITE

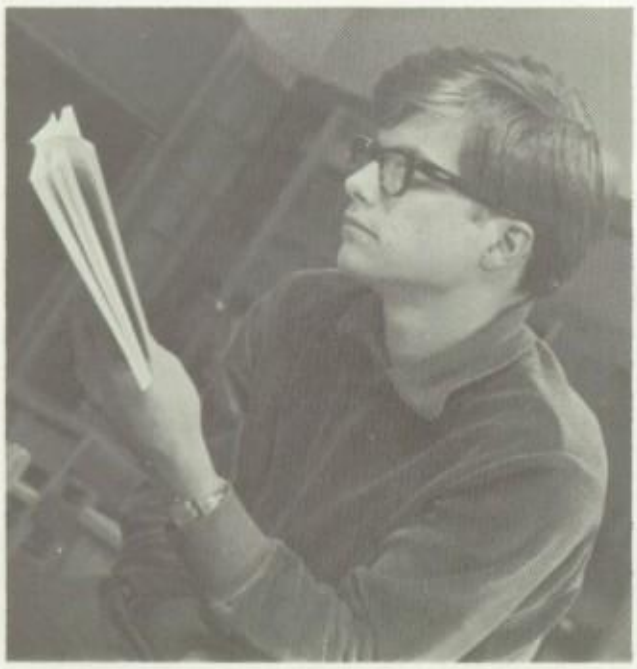
Daron got not only second, but fourth and fifth looks when he grew a beard for his part in the senior play. He did a great job of playing the drunken Grant and he is an authority on most wars, being one of Mr. Torrey's most active class participants.





SANDRA YOUNG

Sandy's personality and hysterical laugh have brought comic relief to many a dull situation. Her usual scramble for the back seat on the bus is taken good-naturedly by the rest of us, who can't help laughing along with her.

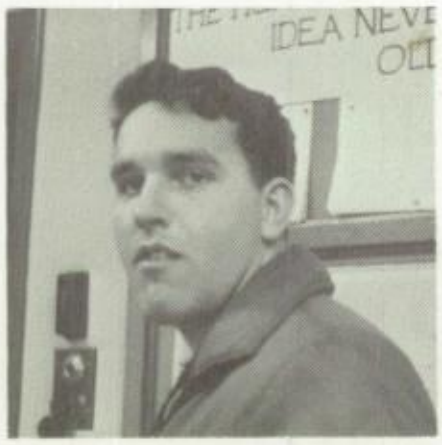


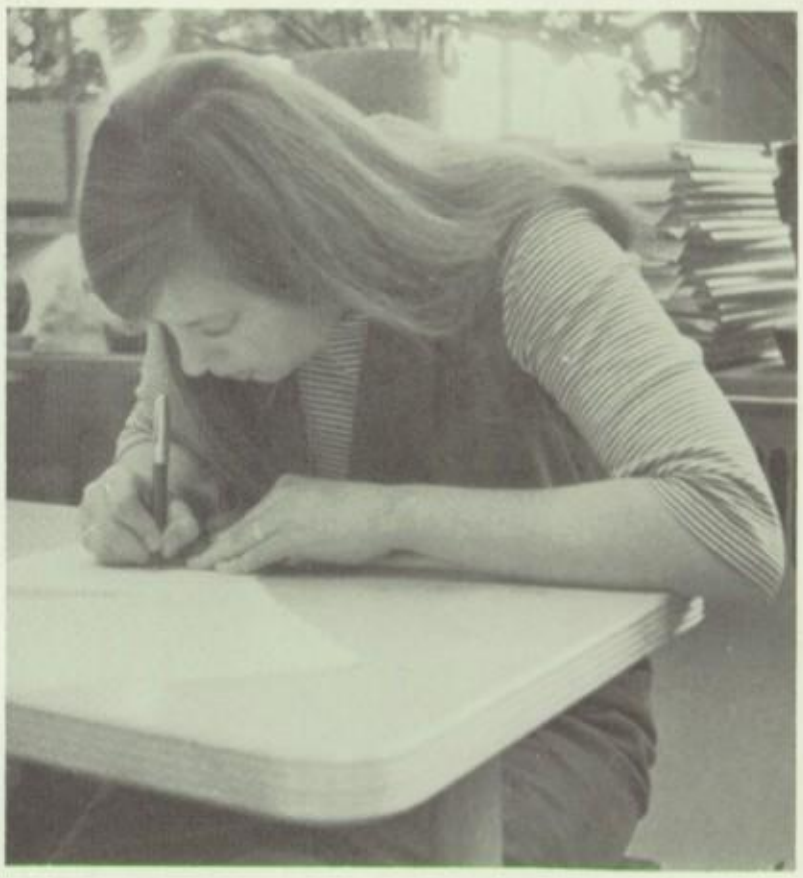
SENIOR PLAY

The Senior Play was postponed until spring. With all the time we've had to learn our lines we're sure it will turn out fine.

SENIOR OFFICERS

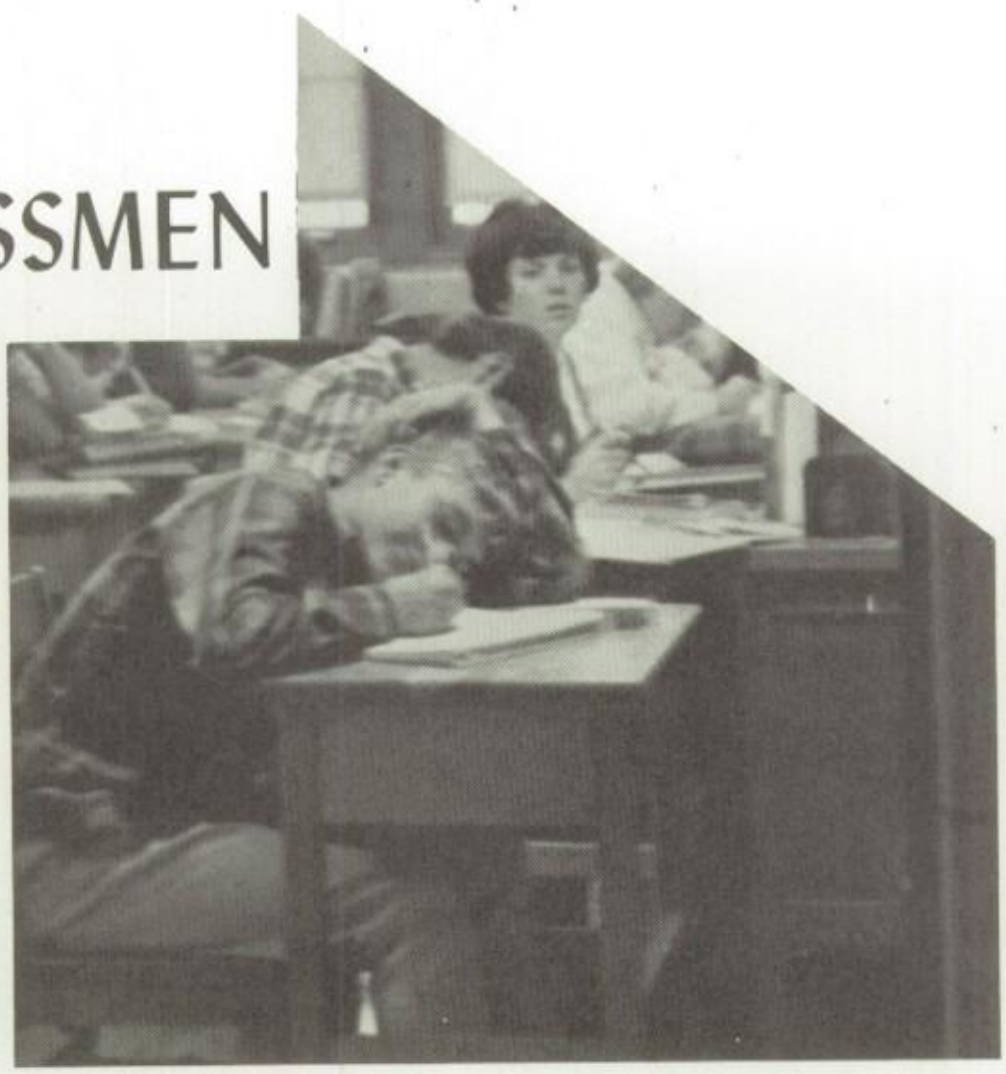
D. Davies, D. Hitchcock, S. Curran, T. Palmiter.



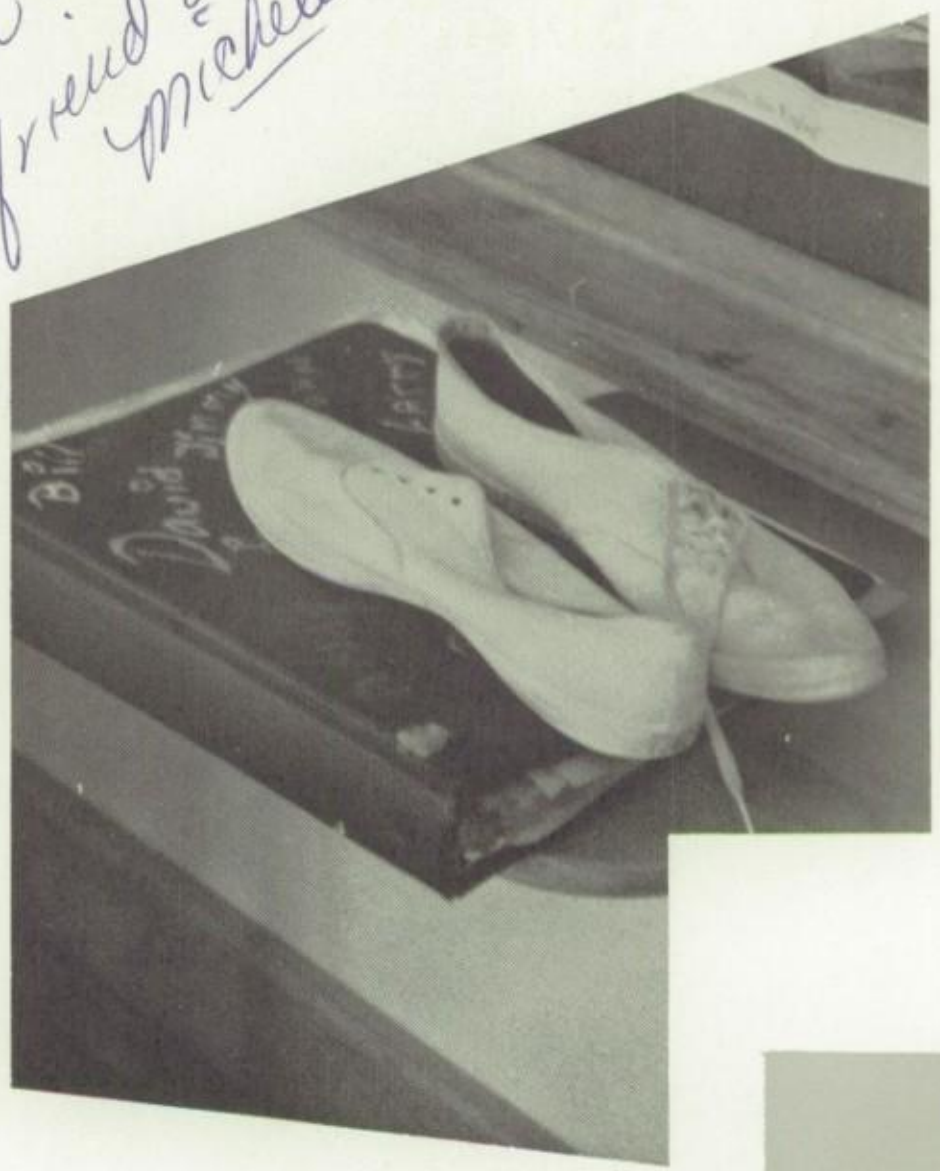


SUPERSHELL!

UNDERCLASSMEN



Dave,
I'll always remember you for the good times we had during Drama Club. I look back at the crazy things we did and the friendships we made. Last summer we had a lot of fun together. I doubt that we'll be the same but maybe we'll manage to get together once in awhile. I'll always cherish our friendship.
Have fun and good luck.
A friend always,
Michele



Later!

Kathy Curran-Secretary,
Jim Brutsman-President,
Jamie Eisenhardt-Vice-President,
Con Tincher-Treasurer.

JUNIORS

The Juniors probably have more class spirit than any other class in the school. This is obvious whether they are selling magazines or winning Field Day events. (They beat last year's seniors by 1 point. This resulted in a totally ineffective petition by the embittered seniors. Despite the difference of opinion, the sophomores stood their ground and remained winners.)

SOPHOMORES

The Sophomores appreciate the fact that they are now part of the senior high. As Mr. Bakeman's "guinea pigs", they were *lucky* enough to take the PSAT, normally given only to juniors and seniors.

Dave,
You'd better not run around in that truck so much. It's not good for ya'. You can get in to much trouble! Your a real sweet guy and Good luck in everything

FRESHMEN

The Freshmen haven't quite lost the wide-eyed innocent look of their younger years, but they're learning! Their first real crack at high school this year will probably prove a challenge to them, but they have a lot of fun things to look forward to, like the junior high plays.

Marjorie Johnston, Red Cross Representitive; Betty Gardner, Vice-President.

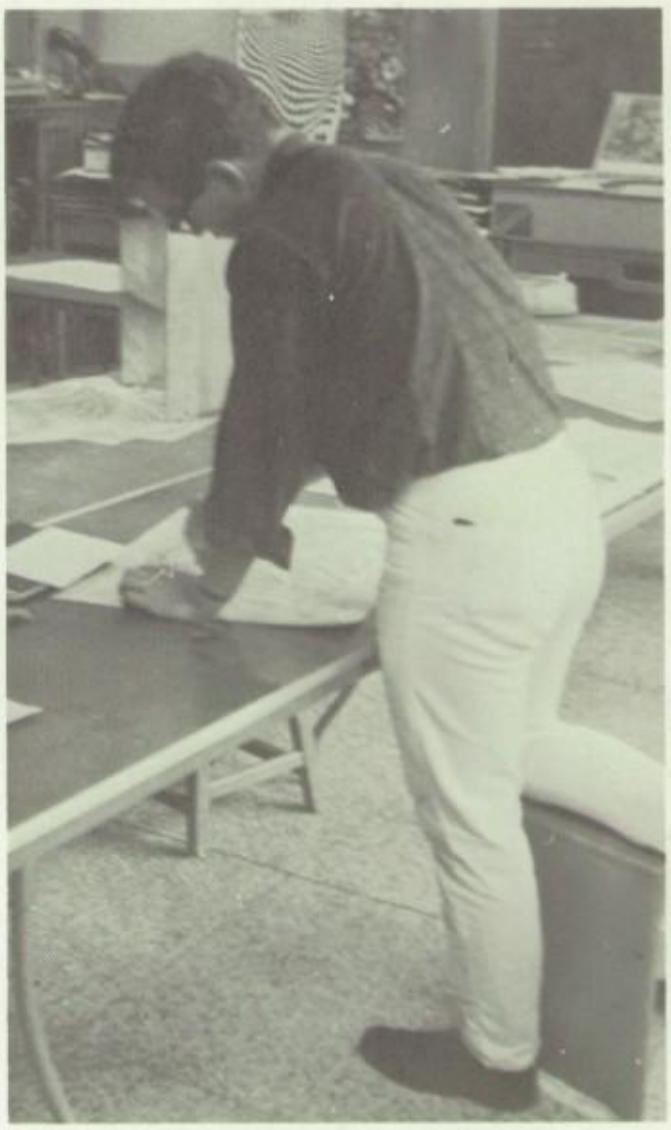
VOCATIONAL CLASS

The Vocational School in Hornell offers courses of training ranging from office practice and cosmotology to electrical appliance repair and engineering drafting. It instructs and prepares it's students for the jobs that keep our modern world functioning smoothly.

Row 1: J. Davis, R. Gardner, S. Perry.
Row 2: A. Neville, M. Cone, G. Ormsby.

JUNIOR HIGH PLAYS

Despite the necessity of changing sets in total darkness (we didn't have curtains then) the ninth grade's three plays were a success. They presented "Monkey's Paw", "Quiet Please", and "Sorry Wrong Number".



Row 1: R. Davis, F. George, F. Burdick, M. Canale, J. Burdick, P. Curran, L. Clare. *Row 2:* F. Beckhorn, S. Berliner, P. Carter, B. Brown, T. Croston, L. Freeland, L. Lee, D. Davison, G. EIGHTH GRADE

The eighth grade's a spunky little class. The girls talk as much as they ever did in seventh, and maybe a little more. Meanwhile, eighth grade boys reign supreme in the junior high hall, and nothing seems to stop them.

Row 1: J. Giles, J. Ninos, W. Lockwood, K. Illerbrun, J. Koegel. *Row 2:* L. George, J. Holland, D. Lindeman, R. Neeley, D. Nudd, N. Moore. *Row 3:* F. Guthrie, M. Gillette, M. Jones, B. Hanks, B. SEVENTH GRADE

By now, well-accustomed to contending with stubborn lockers and six different teachers everyday, the seventh grade is ready to move on to new and better things. Before them lies a warning to "move-up" quietly at our annual Moving-up Day exercises (which unknowingly, they will obey to the letter) and the prestige gained by not being the youngest class in the junior high.

SIXTH GRADE

Mrs. McAlee

The sixth graders moved this year from the new building to the old. Along with this change came additional responsibility, and the realization that the years they will spend at Alfred-Almond were more than half over.

SENIOR HIGH CHORUS

The Chorus under the new leadership of Miss White, is better than ever. Although it has done few things publicly so far, what it has done has been enthusiasticly received.

JUNIOR HIGH CHORUS

Row 1: J. Tucker, B. Calkins, M. Jones, B. Hanks, B. Barron, T. Croston, M. Parry. *Row 2:* B. Kernan, S. Huntington, J. Snyder, C. Snyder, A. Rawady, J. Rossman, W. Cornelius, A. Reid, K. Palmiter, M. VanDuser.

SENIOR HIGH STUDENT COUNCIL

From the recesses of fertile imaginations are offered up such money raising ideas as a car wash in December. No one but council members know exactly what is discussed in the cavernous (?) mechanical drawing room, but the results are inevitably... novel!

Row 1: J. Eisenhardt, P. Eisenhardt, J. Brutsman, C. McCormick, H. Horton, D. Davies, B. Dobson, S. Curran, T. Palmiter, K. Curran.

JUNIOR HIGH STUDENT COUNCIL

The Council's duties are nearly the same as those of its older counterpart. Here students get their first real try at self-government.

NATIONAL HONOR SOCIETY

Nervous speculation may be heard resounding through our halls weeks before the tapping ceremony for the National Honor Society. Membership in the organization, determined by scholastic ability, leadership qualities, and extracurricular participation, is highly coveted.

Seated: A. Rhodes. *Row 1:* B. Rulon, C. Clarke, D. Davies, L. Poulin, L. Butler, D. Morgenfeld, L. Clare, S. Klingensmith, Mrs. Thomas, Advisor. *Row 2:* B. Perry, T. Palmiter.

DRAMA CLUB

The Drama Club presents at least two plays annually, one for the elementary school and one for the high school. Members try their hands at acting, directing, and various other backstage jobs, such as crew, make-up, and costumes. It is a very worthwhile organization, bringing enjoyment not only to the members themselves, but to the whole school.

FUTURE FARMERS

This was the FFA's first year under Mr. Gabriel and it has been a very successful one. As usual, the FFA collaborated with the FHA on a teen dance and a banquet. Remaining projects include exhibitions at the county fair this summer.

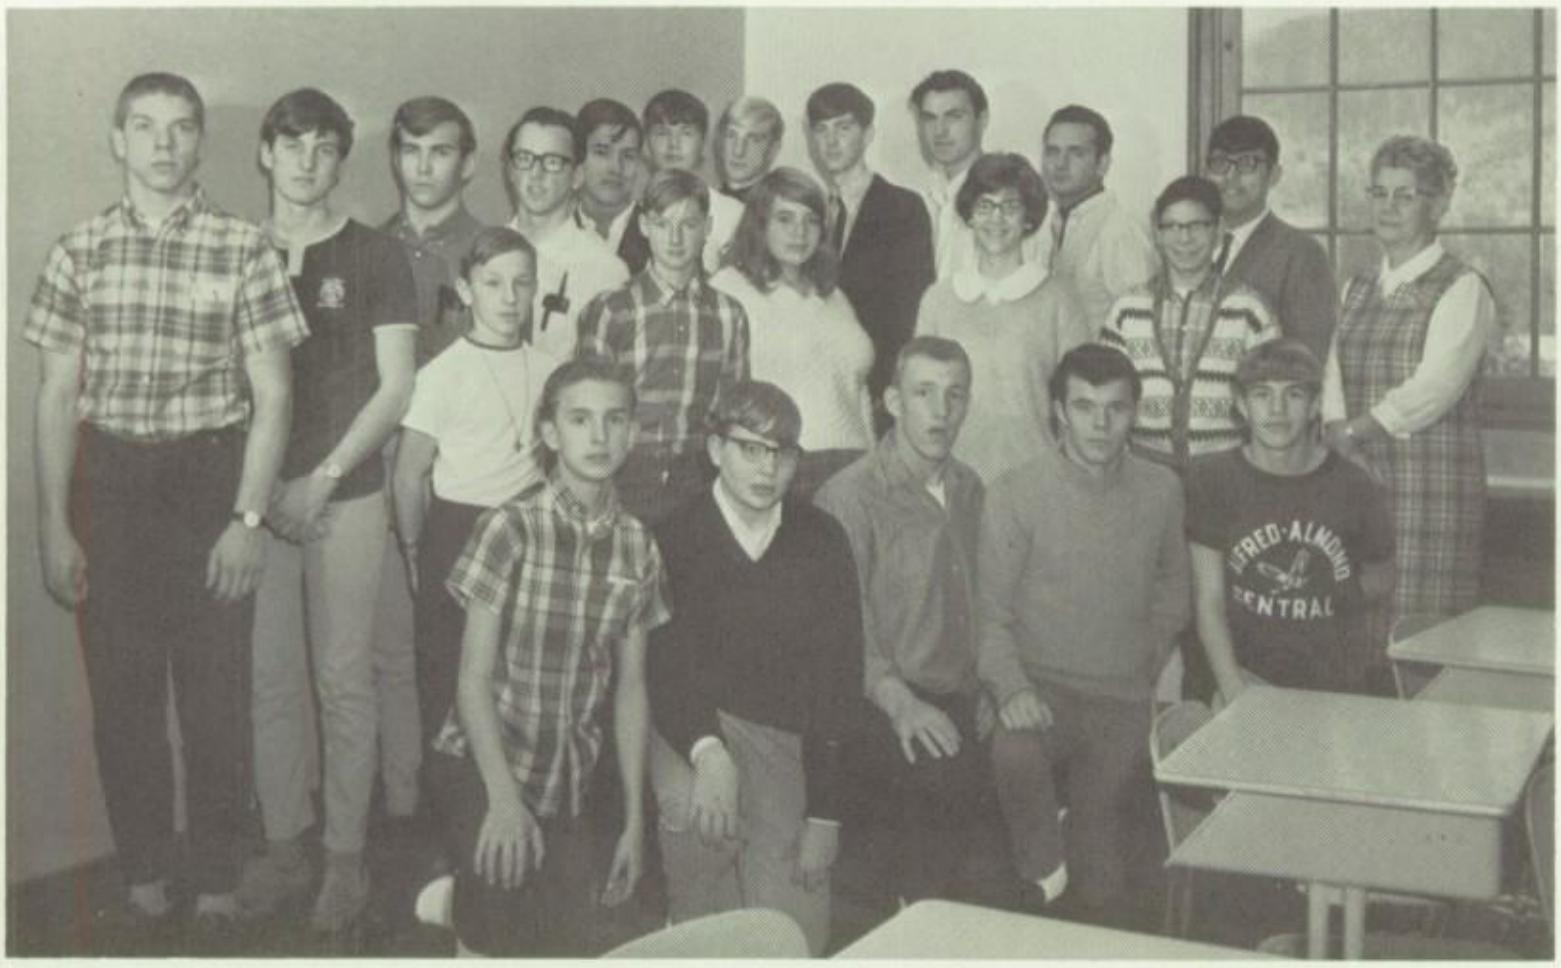
FIRE WARDENS

When the alarm sounds, fire wardens dash to their posts, making sure doors and windows are closed and that everyone is safely out of the building. Mr. Moore's elect, these brave souls would be the last to leave the building if there ever should be a fire.

PROJECTIONISTS



Whether for additional mechanical know-how or just to get out of classes, this group masters the techniques of sight and sound to become projectionists. Though this is primarily a male institution, a few hardy girls, the calm, collected type, offer their services too.

Row 1: D. Lorow, G. Benson, L. Sherman, G. Kellogg, L. Allen. *Row 2:* R. Davis, J. Giles, S. Wells, L. McGraw, M. Phillipson, Mrs. Stillman. *Row 3:* P. Ormsby, P. Eisenhardt, S. Phelan, L. White, T. Nisbet, D. Place, T. Palmiter, B. Perry, D. White, J. Hurne, D. Beckhorn.

RED CROSS

Something new has been added to the annual Red Cross fund drive-colorful Mexican badges. Besides imagination, members of the Red Cross Council are instilled with a deep sense of civic responsibility.

Row 1: D. Kroutil, S. Tucker. *Row 2:* D. Shepard, N.Bertch. *Row 3:* D. Burzycki, D. Gertz, T. Fraser. *Row 4:* C. Myers, A. Folsom, B. Wakefield, W. Howard, Mrs. Deverell, A. Hurne, L. Freeland, B. Brown, C. Henry.

FUTURE HOMEMAKERS

Alfred-Almond's Chapter of FHA has had experiences which are unforgetable. Consider, for instance, the time their punch bowl (brim full of ice cream and ginger ale) fell apart in the middle of a solemn (?) initiation ceremony. Besides fun and general pandemonium, these girls have put in years of service to our community. Yes, in these hands lie the future of American homes!

Row 1: P. Benson, J. Palmiter, L. Clare. *Row 2:* H. Coats, J. Phillipson, K. Hamlin, S. Hurne, S. Drake. *Row 3:* A. Briggs, P. Stearns, M. Carnes, L. Herbert, B. Herbert.

FUTURE TEACHERS

The Future Teachers of America is an organization which was formed to give students an opportunity to learn the principles of teaching and to gain experience in the classroom. The club is set up with the idea that those interested in teaching as a profession can become members and 'cadet teach' in grades kindergarten through ninth. Through student teaching they have the opportunity to gain valuable knowledge of the profession they may one day enter.

Row 1: C. Davies, J. Phillipson, K. Watson, C. Braack, B. Auer, K. Almeter. *Row 2:* L. Allen, M. Mullen, C. VanHorn, A. Lewis, S. Wells, J. Palmiter, S. Jefferds, M. Rulon. *Row 3:* M. Neville, N. Bloomquist, K. Nudd, D. Jones, C. Clarke, K. Rounds, S. Randolph, H. Smith, C. Clarke, C. Flint, D. Gertz, J. Sicker, P. Shanley, Mr. Kennell, Advisor, D. Mueller, J. Brownell, K. Pierce, D. Hitchcock.

TALENT SHOW

The pandemonium which accompanies each production of the Talent Show is as traditional at A. A. as the show itself. Each year dancing shoes are dusted and vocal chords are tuned in anticipation of the event. We are always amazed at the enthusiasm and resourcefulness of its participants.

INTERNATIONAL CLUB

This group is a small but dedicated one. Headed by Mrs. Deverell, they meet once a month to discuss world problems or listen to speakers who have traveled or lived in other lands.

Row 1: B. Rulon, Chairman, C. Davies, B. Galie, M. Rulon, Mrs. Deverell, Advisor. *Row 2:* R. Heller, D. Butts, S. Klingensmith, L. Lawrence, A. Rough.

At the banquet, awards are given to those who have shown outstanding ability and sportsmanship in track, cross country, soccer, basketball, swimming, baseball and wrestling.

CHEER LEADERS

Row 1: K. Curran, N. Dale, S. Winters. *Row 2:* N. Bertch, M. Gorton, S. Stockweather, P. Palmer.

Unflagging team spirit and a profusion of classic maneuvers characterize this energetic group. Headed by their fearless leaders, Mrs. McEvoy and Mrs. Coleman, the cheerleaders are trying to revive school spirit at A. A.

CROSS COUNTRY

Alfred-Almond's runners faced some pretty rough competition this year but they still produced a winning season. The McQuaid Invitational Meet at Rochester, which placed our five runners against four hundred other contestants, was one of our teams toughest meets. With four key seniors graduating this spring, Coach Moore will be working with new men and building a new team next season. We wish him luck and feel confident of his success.

Row 1: J. Barron, L. Cornell, D. Freeland. *Row 2:* W. Dobson, G. McGraw, G. Kellogg, S. Bracken, G. Clare.

Row 1: L. Sherman, R. Stockweather, B. Hanks, K. Almeter, M. Drumm, C. Hilsdorf. *Row 2:* T. Nisbet, P. Eisenhardt, L. Allen, R. Harwood, R. Carter, R. Buckmaster, C. Tincher, T. Wigent, J. Sicker. *Row 3:* R. Place, L. Allen, J. Brutsman, D. Place, R. Cappadonia, D. Stuart, L. White, T. Fraser, G. North, Coach McEvoy.

SOCCER

Two powerful teams from Fillmore and Friendship dominated the league this year, but Coach McEvoy's squad provided its share of the excitment. A lucky break in the last minutes of play was all that saved first place Fillmore from an upset at the hands of Alfred-Almond. As it was, they squeaked by with a tie.

The loss of several experienced seniors will not go unnoticed. However, the large number of talented and enthusiastic underclassmen replacing them is encouraging.

Row 1: B. Dobson, C. Burrow, D. Davies, L. Cornell, J. Ninos. *Row 2:* D. Butts, J. Barron, J. Hurne, J. Woodruff, C. Hilsdorf, G. Clare, McAlee, Coach.

WRESTLING

Alfred-Almond's "Metrecal for Lunch-Bunch" is trying for for its second consecutive year as Allegany County Wrestling Champions and it looks like they'll take it hands down. A-A has a largely Junior and Senior team, Including five individual County champions remaining from last year. With well-justified optimism, Coach McAlee scheduled additional matches with such schools as Campbell, Canisteo and Addison, along with two Christmas tournaments.
The competition is tougher, but so is our team.

Kneeling: S. Smith. *Row 1:* R. Tuttle, J. Evans. *Row 2:* K. Weitzel, D. Beckhorn, M. Drumm, K. Evans.

Row 1: P. Palmiter, G. Dale, R. Kowalski, A. Rough, T. Fraser, D. Gray. *Row 2:* Mr. Patton, Coach, J. Eisenhardt, D. Place, T. Palmiter, D. Gertz, G. McGraw, J. Sicker.

SWIMMING

The newest addition to Alfred-Almond's competitive sports is still showing the symptoms of an inexperienced team, improving, but inexperienced nonetheless. However, with mostly Freshman and Sophomores making up the first line swimmers, this team holds the most promise for the future. At present, these young swimmers are the center of Coach Patton's training efforts. Swimming as yet has not aroused a great deal of interest. This will become less of a problem as the team improves, and we don't doubt that it will.

Row 1: B. Pulos, J. Speca, N. Gray. *Row 2:* B. Snyder, B. Cleveland, J. Funk, B. Schwartz, A. Butler. *Row 3:* R. Buckmaster, L. Allen, B. Love, D. Morgenfeld, R. Stockweather, G. Young.

G. Kellogg. *Row 1:* R. Torrey, R. Harwood, C. Emerson. *Row 2:* S. Reid, D. Schwartz, R. Cappadonia. *Row 3:* T. Nisbet, S. Bracken, B. Perry, J. Brutsman, Mr. Moore , Coach.

VARSITY BASKETBALL

Although we lost a lot of senior talent due to graduation last spring, we were fortunate in having a large number of promising underclassmen to replace them.

Thus far the team has shaped up well. Coach Moore's long experience with high school basketball assures us of another good season.

Steve Bracken's temper won't be with us after this year, but it will undoubtably contribute to the general excitement before it leaves.

JUNIOR VARSITY

Those players who go through Junior Varsity training with Coach McEvoy are well prepared for the stiff competition of Varsity basketball. We can always count on having someone who knows what he's doing to replace the seniors who graduated the year before.
Needless to say, their efforts and energies are, or will be, greatly appreciated.

Row 1: J. Kernan, B. Lewis, B. Hanks, M. Obuhanich, D. Lorrow. *Row 2:* K. Almeter, J. Norton, D. Higgins, D. Stuart, D. Allen, G. Ormsby, L. White, Mr. McEvoy, Coach.

Row 1: D. North, D. Cornelius, C. Burrow, J. Wakefield, G. North, D. Beckhorn. *Row 2:* R. Rawleigh, P. Eisenhardt, C. Hilsdorf, G. Kellogg, A. Rhodes, B. Dobson.

TRACK

Alfred-Almond's track team, under Coach McEvoy, had another successful year. AA took five first places and two close seconds out of eight multiple meets and placed second to Bolivar in the Counties. The Hornell Invitational Meet pitted AA against such larger schools as Corning East, Corning West, and Hornell. However, led by Gary Kellogg's victory in the Mile Run, the team was able to make a respectable showing.

Although our track obviously wasn't built by any Roman engineer, Alfred-Almond still managed to hold seven of its nine meets at home. Regardless of the condition of the track we are looking forward to still another outstanding performance by our team next year.

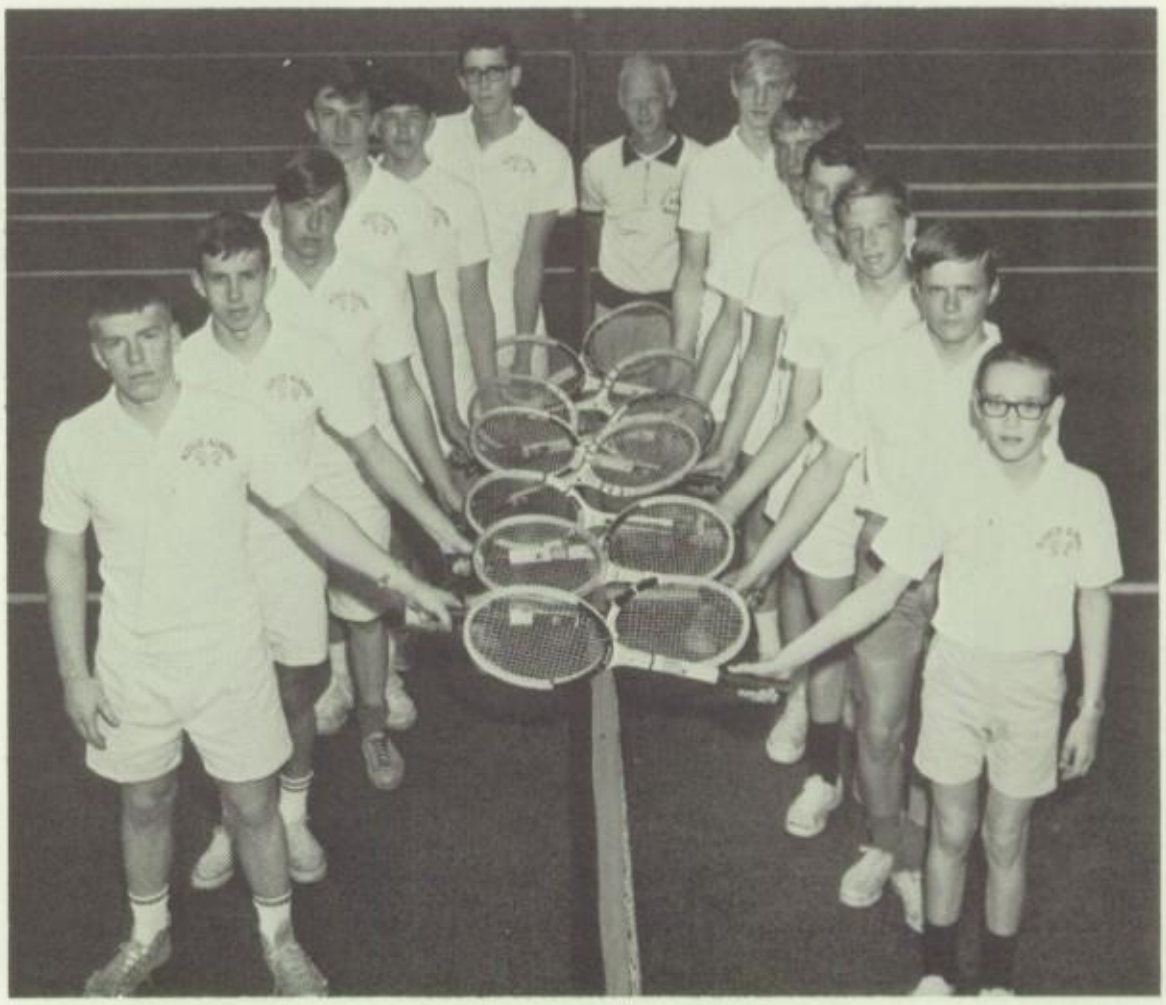
Clock stopped-
sorry about that.

Bottom: G. Drake, C. Wilcox, T. Wigent, D. Coleman.
Top: J. Eisenhardt, R. Stockweather, R. Place.

TENNIS

Tennis, not being a common sport with area schools, required Alfred-Almond's team to spend as much time on the road to and from matches as playing. Despite this year's somewhat discouraging record of two wins and seven losses, the loss of only four seniors from the team make next year's prospects more promising.

Left Row: B. Parish, D. Davies, R. Vanhorn, A. Lobdell, D. Place, B. Randolph, Mr. Moore. *Right Row:* J. Evans, M. Wood, C. Birkmeyer, D. Mergenfeld, J. Butler, T. Palmiter.



Row 1: M. Obuhanich, C. Tincher, S. Reid, R. Buckmaster. *Row 2:* A. Love, G. Rounds, R. Torrey, M. Sherman, G. Young, D. Rusinko. *Row 3:* M. Speca, M. Evans, C. Braack, J. Brutsman, D. Schwartz, R. Snyder, Mr. Kennell.

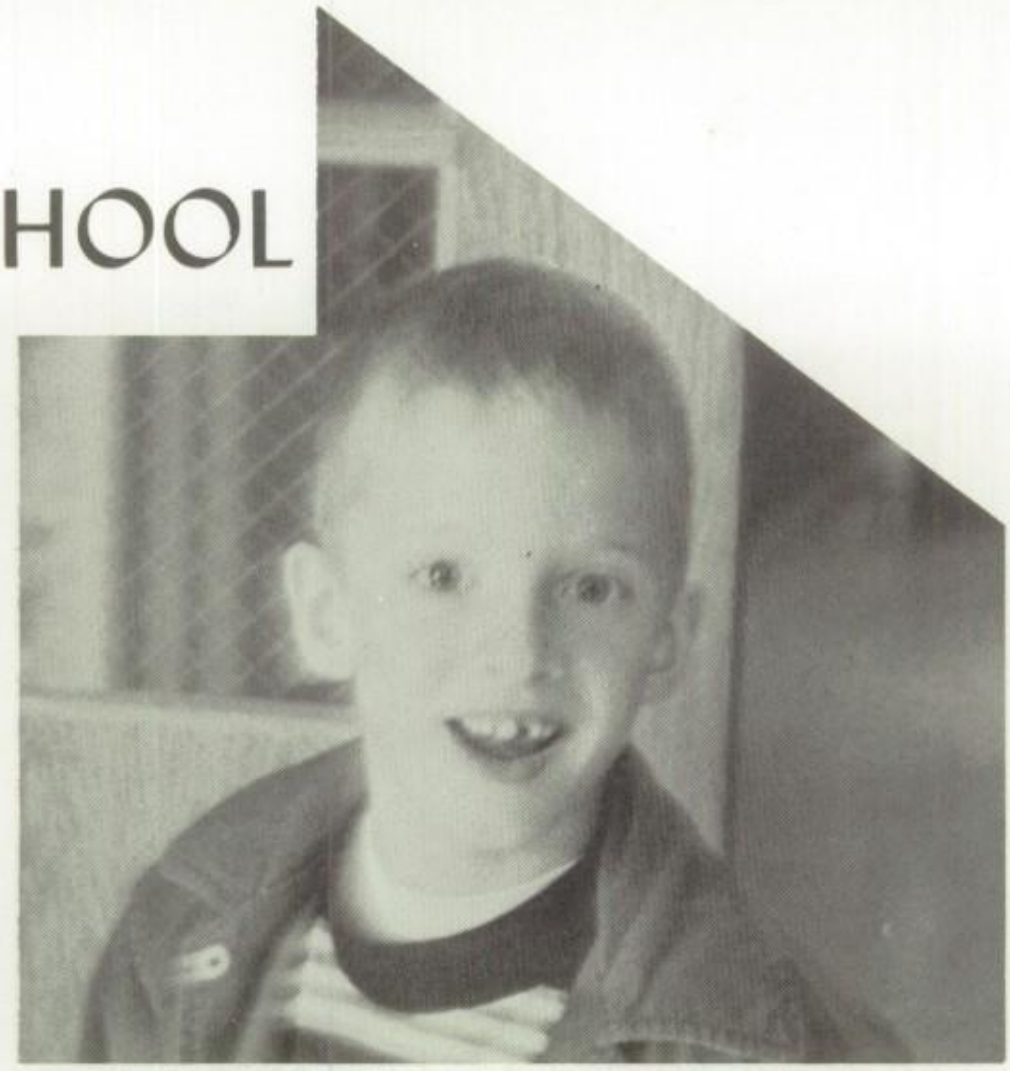
BASEBALL

With it's new coach, the baseball team, though largely Freshmen and Sophomores, finished with a five win, six loss record. The pitching arm of Mitch Evans will be missed next season, but with Leon Sherman ready to step in and take over the mound, Coach Kennell, along with the rest of us, can be optimistic about next year's team.

GIRLS' SPORTS

Not to be outdone in the field of sports, the girls compete successfully in basketball, soccer, hockey, volleyball and bowling. This year, girls' competitive swimming has also begun, and with practice and hard work they hope to have a winning team.

GRADE SCHOOL



one time long, long ago there was an elephant named small. He was as big as your thumb. He was blue and he had pink ears. He lived in a hole. One day he saw a jar. and this is what it said. It said, drink me! The little elephant drank it! and then he got bigger and bigger and bigger and bigger. He was as big as a dinosaur! And that is why elephants are big now!
